

85mm RPM Meter Tachometer & 52mm Hour Meter

Tenet Auto Electronics Limited

85mm Tachometer with Hour Meter, ELECTRICAL

Special electronic Speedometer with Tachometer integrated with hour meter in LCD display.

Mounting hole 85/100mm, black front & dial, white scale and red pointer.

- Electronic Tachometer with stepper motor
- Calibration(imp/km) Programmable
- Signal can be got from sensor or W-terminal
- Installation Diameter: 85mm (3 3/8")
- RPM Range: 0-3000/4000/6000/8000RPM
- Hour Meter Integrated

Part No.	RPM Range	Hour Meter Range	Voltage	Mounting Hole
TR85M3	0~3000RPM	0-99999.9h	8~32V	85mm(3 3/8")
TR85M4	0~4000RPM	0-99999.9h	8~32V	85mm(3 3/8")
TR85M8	0~8000RPM	0-99999.9h	8~32V	85mm(3 3/8")

Remark: The tacho range can be customized.

Additional charge for mold will be needed

Hour Meter, Digital

- Electronic Hour Meter
- Operating Current: <50mA
- Expediently display the engine working time
- Red or Yellow background light for option
- Operating temperature:-40°C~+85°C
- Protection Rank: IP67
- Display range: 0-99999.9H
- Only need to connect to Power supply

Part No.	Range	Voltage	Mounting Hole
TD52H9	0~99999.9h	8~32V	52mm(2")
